Info For Merchants

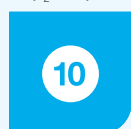

Terms	Same as Hep ₂ O Push-fit Plumbing.
Delivery	Same as Hep ₂ O Push-fit Plumbing.
Stocking Commitment	No commitment to stock Hep ₂ O UFH – just order direct to branch.
Pipe Used	Same pipe as Hep ₂ O, so same flexibility and reliability you've come to count on.
Manifold	Modular manifold means less components.

Hep₂O has a range of underfloor heating systems for new and existing floors and offers high quality, proven products which are widely available from plumbers and builders merchants nationwide. Our systems are easy to install and come with market-leading guarantees. These systems can also be designed to work with 10, 15mm Hep₂O and 16mm Tigris.

Underfloor Heating Quick Guide

System Type	When/Where used?	Key F&Bs	Floor Base Structure	Finished Floor Preparation	Finished Floor
 <p>Staples System</p>	    <p>In the screed – new builds or extensions.</p>	   <p>Cost-effective option. Just need pipe and staples. Flexible pipe design.</p>		  	 
 <p>Standard System Plates</p>	   <p>In the screed – new builds or extensions.</p>	    <p>Plates hold pipe in place – flexible pipe design. Plates protect pipe so can be walked on.</p>		  	 
 <p>Low Build System Plates</p>	  <p>In the screed – new builds or extensions.</p>	    <p>Plates hold pipe in place – flexible pipe design. Plates protect pipe so can be walked on.</p>		  	 
 <p>Low-Build Max</p>	  <p>Placed on existing flooring – refurb.</p>	  <p>Can tile straight on top of the panels. Low build 15mm. Uses 10mm Hep₂O pipe. Pre-cut channels.</p>			 

Wavin Hep₂O Underfloor Heating Quick Guide

System Type	When/Where used?	Key F&Bs	Floor Base Structure	Finished Floor Preparation	Finished Floor
 Low-Build Panel	  <p>Placed on existing flooring – refurbs.</p>	  <p>Cost-effective option for refurb. Low build height at 15mm. Uses 10mm Hep₂O pipe. Pre-cut channels.</p>			
				 	  
					 
 Diffuser Plate - 140mm single or 390mm double	   <p>Between joists, or added to Hep₂O floor panels.</p>	  <p>Efficient heat diffusers. Uses 15mm Hep₂O pipe for better heat output. Pre-cut channels.</p>		 	     
 Joist Panel	  <p>In between joists – or battens.</p>	  <p>Easy and quick to install. Uses 15mm Hep₂O pipe for better heat output. Pre-cut channels. Add diffuser plate to suit.</p>		 	     
 Floating floor 25mm	  <p>Placed on existing flooring.</p>	  <p>Ideal when build height is not critical, uses 15mm Hep₂O pipe for better heat output. Pre-cut channels. Add diffuser plate to suit.</p>
